AI-Driven Document Generation:

Seamless SharePoint Embedded & Salesforce Synergy

Clavin Fernandes

Solutions Engineer at Nutrient.IO

Dhanashree

Technical Consultant at SAS Waters

SharePoint Embedded

enables

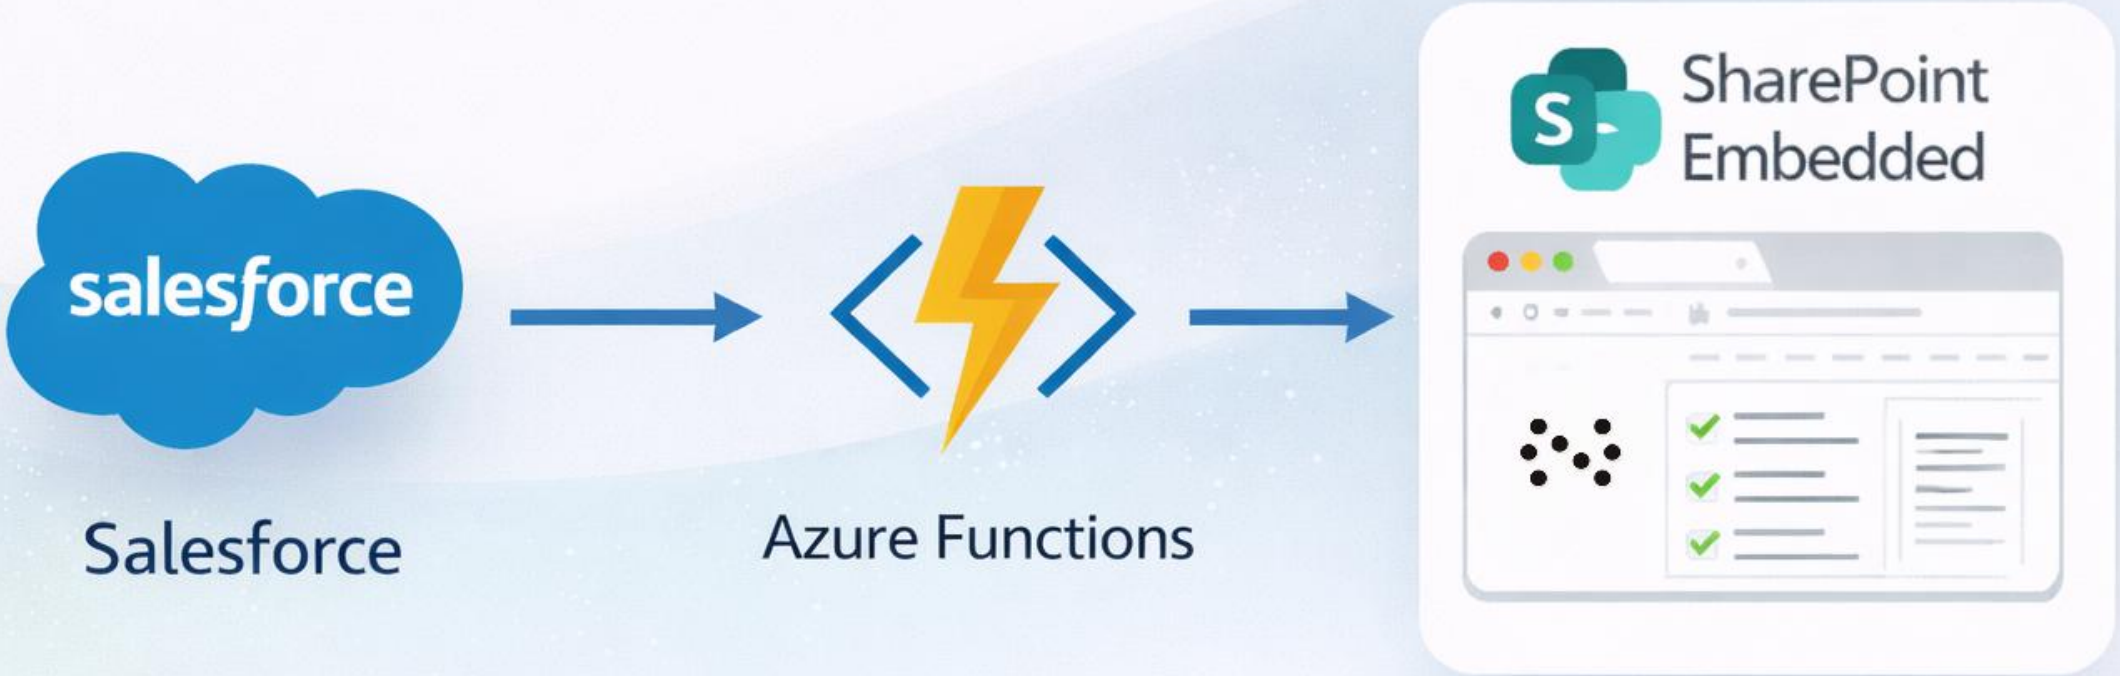
cross-platform document-centric applications.

Store Documents

Collaborate in Real-time

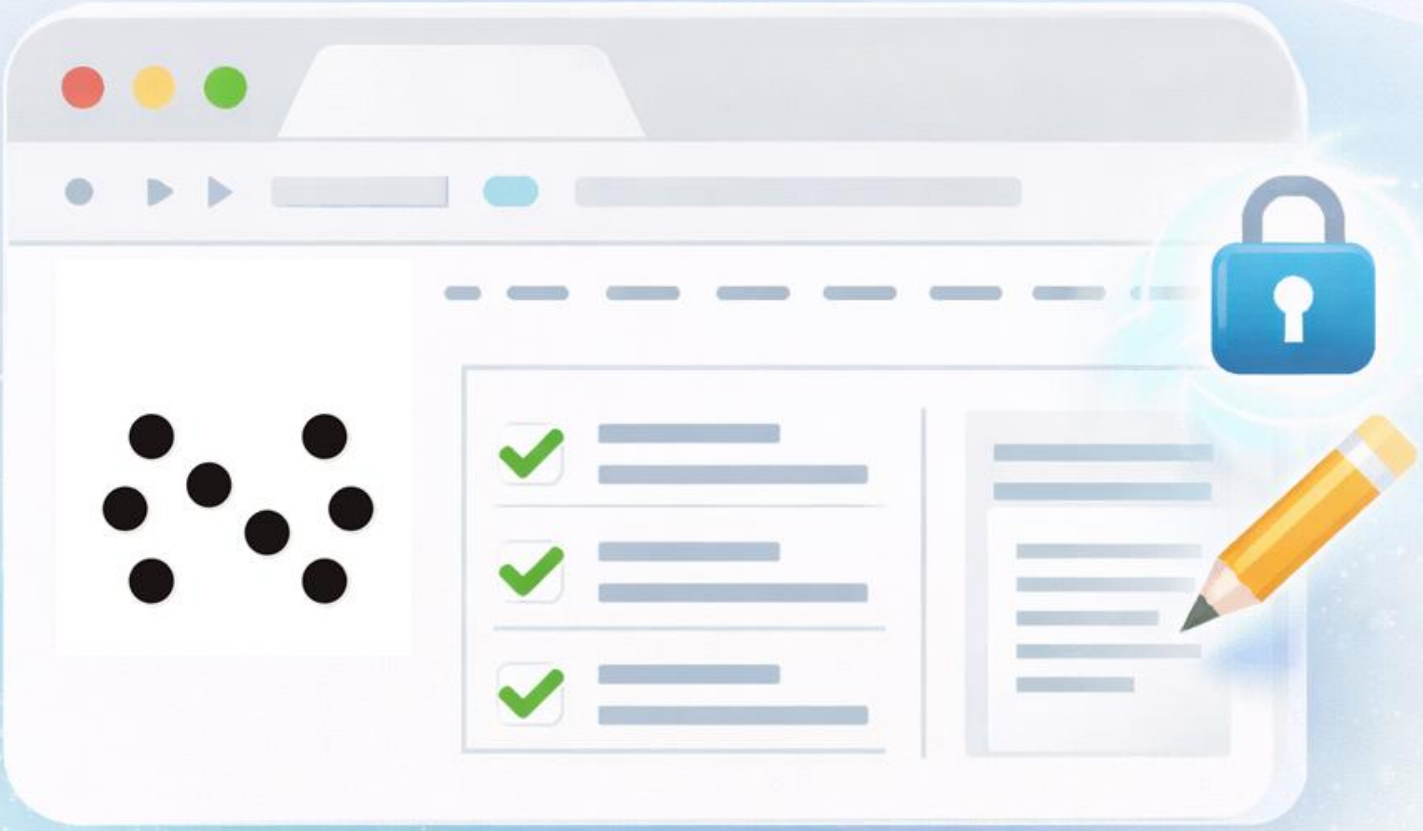
Manage & Automate

We connect **Salesforce** to **SharePoint Embedded** for seamless data flow.



Nutrient powers **template creation**

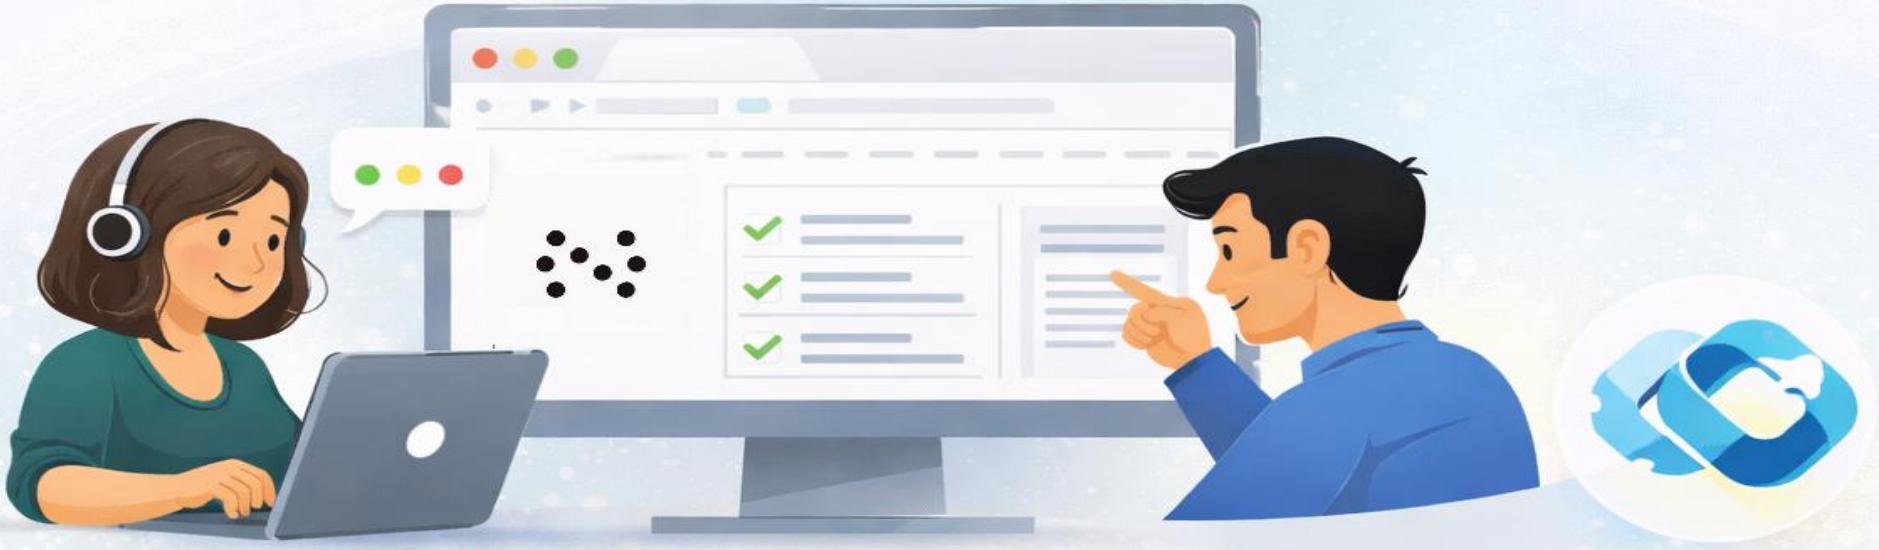
and secure document editing inside **SharePoint** Embedded.



Demo

Collaboration made easy:

Real-time editing, cost savings, seamless integration.



Real-time Editing

Cost Savings

Seamless Integration

SharePoint Embedded fits **any app**.

Thank you!!!
